

Prof. Brigitte Jockusch

German Research Ombudsman

Host: Christof Niehrs

“Good Scientific Practice”

Tuesday, 14 March 2017, 14:00 – 15:30

The German Research Ombudsman's prime task is to act as a guardian of scientific morals and as a mediator in matters of scientific misconduct. In this seminar, Prof. Jockusch will focus on the Ombudsman's role in solving challenges between tutors and tutored young academics, inadequate mentoring, questions of plagiarism, fraud and authorship conflicts. A must-attend for young researchers in the competitive world of science.

Venue: 2nd Floor Seminar Room
Institute of Molecular Biology (IMB)
Johannes Gutenberg University Campus

All are welcome to attend
