

International Neuroimmunology Clinician

Prof. P. Duquette

Visiting Scientist at the JGU in Mainz

Prof. Duquette from the Centre hospitalier de l'Université de Montréal (CHUM) performs a sabbatical with the FTN, teaching and consulting with clinicians in the Department of Neurology. As visiting scientist, he shares his expertise in the field of multiple sclerosis and further strengthens the collaboration between clinical researchers in Mainz and Montreal. For more information on Prof. Duquette, visit: http://www.cenum.umontreal.ca/membres/2_titulaires/en_duquette_p.html
