8th Science Day 2022

Dear Students and Colleagues,

We kindly invite you to the 8th SCIENCE DAY organized by the TRANSMED Graduate School of the Johannes Gutenberg University (JGU) Mainz.

The symposium will showcase interdisciplinary research in both basic and translational medicine conducted at the JGU.

The meeting serves as a platform for young scientists to get exposed to some of the thought leaders from academia, industry, and publishing world.

We are very much looking forward to meeting you at this exciting event!

Best regards,

Julia Weinmann-Menke
TRANSMED Academic Director

Krishnaraj Rajalingam
Co-Organizer Science Day

Petra Schwarz
TRANSMED Managing Director

Wednesday, September 14

Lecture hall, Building 205

09.00 Welcome and opening remarks

Ulrich Förstermann, Chief Scientific Officer/
Dean of the University Medical Center Mainz
Julia Weinmann-Menke, TRANSMED Academic
Director

09.15 What do we do in the pharmaceutical industry? An insight into AstraZeneca as a research-based pharmaceutical company

Michael Seewald, Vice President Medical,
AstraZeneca, Hamburg

09.45 Short talks by 6 young researchers

Umair Hassan
Neuroimaging Center
Lukas Müller
Department of Diagnostic and Interventional
Radiology
Melania Aluia
Center for Thrombosis and Hemostasis
Svenja Kreis
Institute of Physiology
Qiang Wang
Institute of Physiology
Alice Bury
Department of Internal Medicine III

11.15 Break

11.45 Short talks by 6 young researchers

Sonia Ruggieri
Institute of Pathophysiology
Lea Philine Märker
Department of Internal Medicine III

Alejandro Pallares Robles

Center for Thrombosis and Hemostasis

Yu-San Kao

Institute of Medical Microbiology and Hygiene

Lea Stroh

Department of Cardiology I

Natalie Holz

Max Planck Institute for Empirical
Aesthetics/Frankfurt & Department of
Psychiatry and Psychotherapy/Mainz

13.15 Break

14.00 Clinical immunology as crossroad where research intersects with clinical practice

Markus Mäurer, Head of the Immunotherapy
Program, Champalimaud Foundation, Lisboa

14.30 Abstract presentations by 6 young researchers

Sara Salome Clara Helbich
Institute of Immunology
Sara Bitar
Institute of Molecular Medicine
Federico Rotondo
Institute of Anatomy
Kathrin Braband
Institute of Immunology
Maximilian Lueckel
Neuroimaging Center
Lorenzo Mattioni
Institute of Anatomy
