

The University Medical Center of the Johannes Gutenberg University (UMC) aims to promote the active initiation and participation in academia-driven clinical trials. Therefore, the UMC has established a fellowship program to increase attractiveness of clinical research for young excellent physicians, establish career perspectives, amplify the visibility of the UMC, and ultimately translate this knowledge into advances in patient care. The fellowship program is hosted by the Mainz Research School of Translational Biomedicine (TRANSMED).

The Steering Group for Clinical Trials therefore invites applications for

### **Clinical Research Fellowships (TV-Ärzte UM Mainz, Ä1, 100%)**

The fellowship is available for a 3- or 6-month funding period. A maximum of 9 months may be granted, but a detailed description needs to be given in the application if a longer period is required. The fellowship should be started no later than **April 1, 2027**.

**Please note: The fellowship must be taken entirely in the 2027 funding year and cannot be transferred to the following year, proof of this must be provided. The arrangement to free fellow from routine clinical responsibilities will be subject to random checks.**

### **Who may apply?**

- The program is open to all physician researchers at the UMC, who are at an early stage of their academic career, e.g. residents in training or equivalent. A direct link, at least in part, to patient care should be clearly visible. Applicants may not have been working at the UMC for more than 10 years.

The UMC and TRANSMED are committed to equal opportunity and the compatibility of family and career. They therefore explicitly encourage applications from women.

### **How to apply:**

- Please use the application form provided at <https://www.unimedizin-mainz.de/transmed/qualification-programs/clinical-research-fellowship-program.html>.
- The deadline for the submission of your application is **September 30, 2026**. Please forward your complete application (as a single pdf document) to [transmed@uni-mainz.de](mailto:transmed@uni-mainz.de). Applications should be addressed to the Steering Group for Clinical Trials.
- For further information, please contact Dr. Petra M. Schwarz, TRANSMED Managing Director, Tel.: +49 6131 17-9149; E-Mail: [transmed@uni-mainz.de](mailto:transmed@uni-mainz.de), or visit our webpage at <https://www.unimedizin-mainz.de/transmed/qualification-programs/clinical-research-fellowship-program.html>.
