**15:30 - 17:00 CET,
Online @MS Team**

BAYOOMED: Develops certified medical software and digital-health platform that links doctors, patients and industry; with >100 healthcare apps and tools delivered.

What we'll explore

- What's the hardest part of founding a bio startup that no one talks about?
- How does your typical (chaotic) Tuesday actually look like?
- When do you feel like giving up—and why do you keep going?
