3rd International Symposium
on Endovenous Treatment with
Cyanoacrylate Adhesive

Dear colleagues,

again we will meet at Mainz University to discuss the latest developments in Cyanoacrylate embolization of varicose veins.

Supported by live surgery, International experts will present the latest studies in the field including the ongoing European multicenter cohort study and the interim results of the US FDA-IDE trial randomizing Cyanoacrylate against RF-ClosureFast.

The current value of Cyanoacrylate embolization compared to other common endovenous treatments and traditional surgery will be discussed.

Yours sincerely,

Prof. Dr. Thomas M. Proebstle
Program Chair

Dr. Nick Morrison, M. D.
UIP-President-Elect

Scientific Program

Time: Saturday 17th January, 2015, 10:00 am – 3:00 pm
Location: Lecture Hall, Dept. of Dermatology, Building
401, Langenbeckstraße 1, 55131 Mainz

Moderator	Thomas Proebstle
09:00 am	Registration - Coffee
10:00 am	Welcome and Opening remarks Stephan Grabbe Head of Department
10:05 am	The Development of an Endovenous Cyanoacrylate Adhesive – from animal experiments to first human use Monte Madsen
10:30 am	Abolition of GSV reflux by CA embolization Live-Surgery transmission to lecture Hall Thomas Proebstle, Bettina Kleis-Fischer, Moderator Ulf Zierau
11:00 am	The role of CA embolisation in Saphenous Vein treatment - The Scandinavian Experience Carl Henrik Schelp
11:20 am	CA Embolisation of Large Diameter Saphe- nous Veins by use of intra-interventional compression treatment Ints Uldris
11:40 am	Prospective European Multicenter Study on Cyanoacrylate Embolisation of Reflu- xing Great Saphenous Veins – Two-Year Results Lars Rasmussen
12:00 pm	Coffee-Break, Snack

12:30 pm	5-Year results of the European Multicenter Study on ClosureFast - Venefit Radifrequency Ablation: The Final Analysis Thomas Proebstle
12:50 pm	ClosureFast –Venefit versus VenaSeal Cyanoacrylate Embolization - a prospec- tive single center study Guido Lengfellner
13:10 pm	The US-American VeClose trial: VenaSeal versus ClosureFast - Venefit Nick Morrison
13:30 pm	Panel Discussion – Questions from the Audience all speakers
13:50 pm	Closing Remarks Thomas Proebstle
14.00 pm	Hands-On Station Training using VenSeal CA Ulf Zierau
15.00 pm	End of the program
