

# GABAergic System Diversity and NEURODEVELOPMENTAL DISORDERS

Invitation to the forth series of lectures  
**Wed. July 26 th, 2023 at 2-4 pm**

Hosts:

JGU: Prof. M. Schmeißer, Prof. D. Krueger-Burg  
UKF: Prof. C. Freitag, Prof. C. Ecker; Prof. A. Chiocchetti

**Can what we know about early brain development shape  
how we think about autism and neurodevelopmental  
conditions and inform the search for (GABAergic)  
intervention targets later in life?**

**GRAINNE MCALONAN**

Institute of Psychiatry, Psychology and Neuroscience, King's College London,

**Genetic heterogeneity of autism spectrum disorder –  
hundreds of genes and still counting**

**CHRISTIAN SCHAAF**

Institute for Human Genetics  
University Hospital Heidelberg

**VENUE Gutenberg-Universität Mainz**  
Haus Recht und Wirtschaft (H 1121)  
Seminarraum RW2
